German Pen-pals (old S2) You will be aware that our school has been working with Augustinus-Gymnasium, a school in Bavaria, southern Germany, to organise an exchange between their school and ours. They have many pupils who would like to come and visit us and find out more about Scotland. To help them do this they would like to partner up with a Scottish student and write to them, in English. This is a great opportunity to find out about other people and cultures . If you are interested please attend a short meeting at **interval** in **room 022** on **Thursday 19th May.**
