Young People & Education:  
David Leng

Dear Parent/Guardian

### Edmodo

In S1 Enterprise, pupils make use of a number of computer websites and programs. One such website is Edmodo. Edmodo is an educational website that takes the ideas of a social network and refines them and makes it appropriate for a classroom. We use this to promote Internet Safety and Responsible Use. Edmodo can also be used to collect and mark homework.

Your son/daughter has signed up to Edmodo in their Enterprise class. You can ask them to show you what they have been using it for by logging in to **[stirlinghigh.edmodo.com](http://stirlinghigh.edmodo.com)** with them.

In addition, you have the option to sign up to a parent account. To do this, you need your child's **parent code** – this can be found on the home page of your child's account. Please get in touch with me if you would like assistance in joining as a parent. My email address is [hamiltona06s@glow.sch.uk](mailto:hamiltona06s@glow.sch.uk). Or you might find this link useful: <https://support.edmodo.com/hc/en-us/articles/205340630>.

If you would prefer that your child did not use Edmodo in school please let me know.

### Glow

Your child has also been issued with a username and password for Glow (<https://glow.rmunify.com/>). Glow gives your child access to a number of online tools that may help them with their learning, including industry standard email and ed diary, access to free online learning materials as well as unlimited access to Office 365 – Word, Excel, PowerPoint and OneNote online. This username and password also allows you to download up to 5 copies of Office 365 at home, for free - see <http://stirlinghigh.co.uk/pupils/office-355> for more details. More information on what Glow offers can be found at <https://glowhelp.wikis.glowscotland.org.uk/Glow+For+Learners>.

Yours faithfully

Alan Hamilton  
Head of Business and Technologies
